STONEWATER®

Excellence in Bathrooms™

Stonewater Bathrooms is the contracts division of Tradebase.
We are experts in the specification, design & project-
managed supply of premium residential bathrooms.

We are trusted by over 350 developers to design, specify and supply bathrooms on a
managed & scheduled call-off basis. Your Project can be bought to life with improved
design, improved bathrooms, improved delivery and improved aftersales.

Let's Create Beautiful Spaces Together.

Whether you're a developer looking for direction with your bathroom specification or an interior designer wanting to specify products for an existing brief, Stonewater are the leaders in optimising your plots. We directly employ designers who will conceptualise and design the bathrooms on your scheme, providing high quality CGI designs.

Photorealistic Renders

Expert Specification Advice

Conceptualisation

ON SITE. ON TIME. IN FULL. PLOT LABELLED.

Service second to none. Our project management team work with your site & project managers to ensure that items are stocked in our distribution centre before they're required on site – meaning deliveries are made on time and in full.

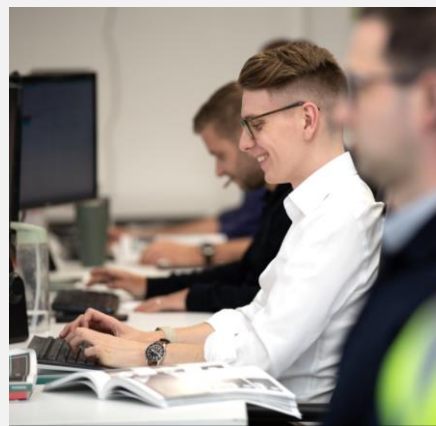

Deliveries are made using our own vehicles.

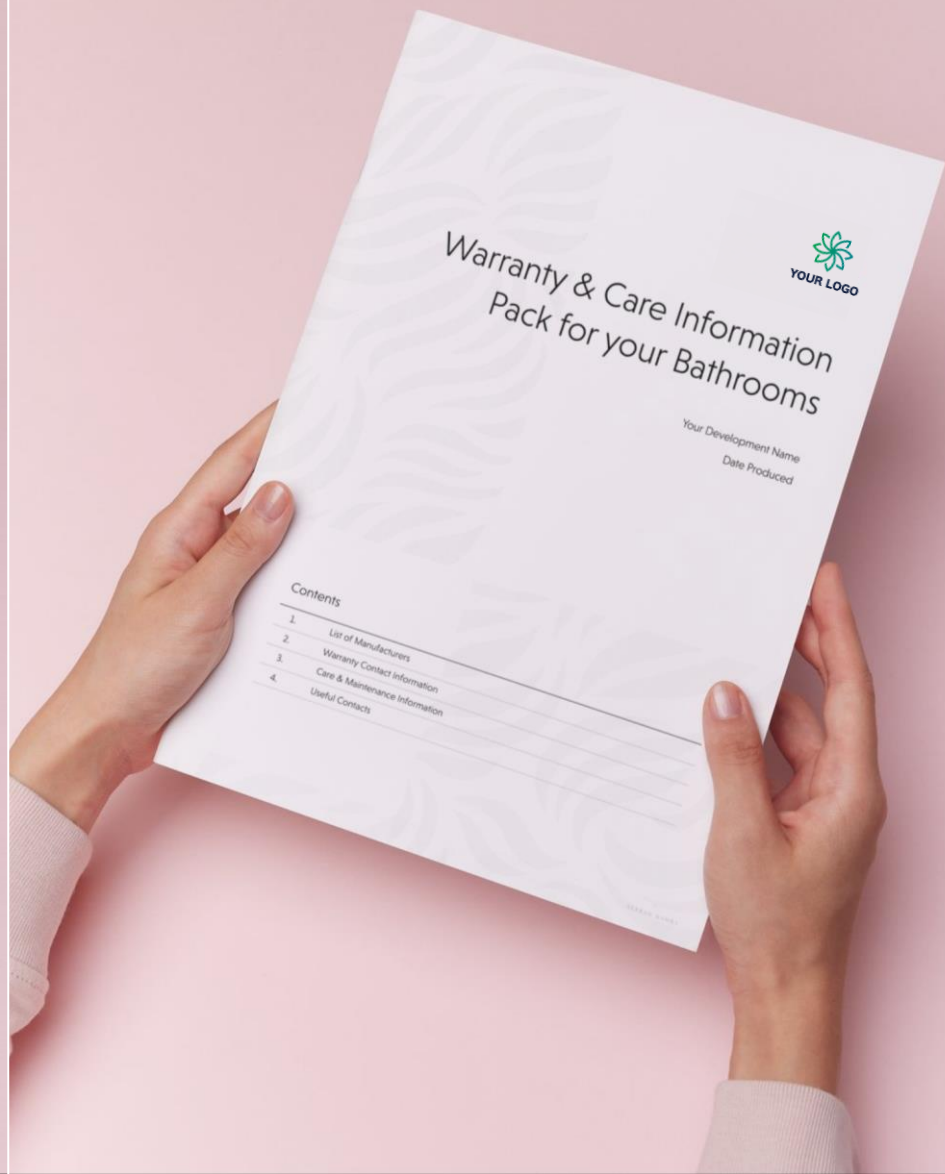

Our delivery tracking system will text a 2-hour delivery slot on the morning of despatch.

Items supplied are labelled by plot, by bathroom to eliminate confusion

Single point of contact with a detailed knowledge of your site.

Fully scheduled deliveries – call off by fix / plot / phase, or however you see fit.

Bespoke Printed Care & Warranty Information Packs

Hard copy care & warranty information packs, produced per plot, branded for you, the developer. These packs enable any warranty enquiries to be handled directly by the Stonewater team.

Each Pack is provided, carefully assembled per plot type, with the following information:

Length of warranty on each product installed & How to Register a Warranty

Manufacturer care & maintenance guides

Contact Info for all warranty enquiries

How to maintain any specialist parts, i.e. flow restrictors.

Excellence in Bathrooms for Construction.

Since 2016, Tradebase has focused on the supply of residential bathrooms to construction.

We have 3 areas of expertise:

Specification: Using intelligent product choices to obtain premium brand specifications for lower costs.

Design: In house interior designers to create visually stunning bathrooms.

Supply: Getting products on site, on time

Leaders in Specification & Supply of Bathrooms
